Submitted 21) The chairman vide report dated 5/5/56 states that the land which has been proposed to be given to the Society was assessed at the rate of Rs 1600/- per acre He further states that the area comes in Industrial Suburb where no amenities like water supply and metal ground drainage have been given. He also states that the major portion of the land is all cut up and uneven and that there is no demand. Finally he requests that the resolution of the Board may be approved in consideration that the land to be given is an Educational Institution.

23) This is a case in which the Mysore Technical Education Society, Bangalore represented to the Education Minister requesting for the site measuring four acres of land in Rajajinagar. Their object is to train limited number of selected youngmen in the Engineering profession with intensive practical bias by utilising the high experience of leading men in the profession who visit the Institution as members of the Technical Education Society. The Minister for Education has ordered as follows:-

"Education Secretary to speak - - The signatories further urge that in the case the site is not used for this purpose the site may be resumed by Government." L

24) The Minister for Public Health and Local Self-Government has passed orders as stated at para 10 supra.

25) The Chairman of the City Improvement Trust Board has sent a report recommending for a grant of the site measuring four acres of land on lease basis, the annual rent being Rs.25/- and subject to the following conditions:-

i) a building or buildings be constructed as per design to be furnished by the Government Architect and approved by the Board M

2) the said building or buildings should be used exclusively for the use of the Mysore Engineering Institute;

3) the property should not be alienated or otherwise disposed of in parts;

Serial No.

4) the building should be constructed within a period of two years from the date of handing over possession of the site to the Mysore Technical Education Society, Bangalore;

5) that the Chairmn of the City Improvement Trust Board or a nominee of Government in the event of the abolition of the City Improvement Trust Board shall be an ex-officio member of the Executive Committee of the Mysore Technical Education Society; and

6) that in the event of violation of any of the conditions aforesaid the Board shall resume the site with structures thereon, if any, without payment of any compensation.

26. Of late the general policy that is being followed in respect of grants of sites to Hostels etc., is that the site must be granted on "no profit or no loss" basis. The lease for 99 years virtually amounts to an outright grant. This is another way of disposing of the sites free of cost. Government are giving heavy advances to the Trust Board. The advances amount to about Rs.75 lakhs and interest alone will come to Rs.3 to 4 lakhs per year. Such being the case the question of lease at normal rates must not be encouraged. The approximate cost of the sites in these areas, after all amenities are given will be Rs.10/- per square yard. At this rate the total cost for four acres will come to Rs.1,93,600/- or nearly two lakhs. This valuable bit of land cannot be given away free of cost to a private Institution over which

Note.—Contn. Sheet

Serial No.

Government have no control. Therefore, it is better that the Institution will have to pay at least the cost price for the extent given to them. This will be in keeping with the latest recommendations that are being submitted by the Secretariat This is for kind orders A

2) As an alternative proposal it is better if Government ~~were to~~ have control over this Institution if this land is to be given on lease basis The control may be as follows:

1) the admission fee to this institution must be approved by Government

2) the admission to the Institute should be regularised according to the rules that are in force for admission to Government Engineering Colleges and Occupational Institutes;

3) The Concessions allowable to candidates in Govt Colleges must be made available in this Institute also

3) that the Director of Public Instruction and the Chief Engineer must be ex-officio members of this Institution;

4) Government reserve the power of taking over this Institution after paying suitable compensation for equipment ~~of building~~ in case of mis-management of the Institute. B

These conditions will be added to the conditions mentioned by the Trust Board. This is so far as the merits of the case are concerned.

2) Legally, according to the Trust Board Act, Government have no power to confirm the lease. The Trust Board is the final authority. As the Trust Board

WD 0260—GPB—P. Z. S. 1,30,000—21-5-55.

GRANT OF FOUR ACRES OF LAND IN RAJAJINAGAR TO THE MYSORE TECHNICAL EDUCATION SOCIETY.

.....2057.....
16.....7.....56...

Chairman has submitted the proposal to Government ~~for~~ for approval, it has to be presumed that he expects approval of Government because Trust Bd has no funds of its own and it has taken loan on condition of repayment ll

29) It is for orders whether the suggestion given at 'A' may be approved;

OR

Whether the suggestion given at 'B' may be approved

OR

Whether the resolution of the Trust Board may be approved.

Secretary, Edn & L.S.G. I

30) I am for granting the required site but on a pro-rata price, because as a "no-profit – no loss" basis. This is the principle that is being followed in recent days under instructions of the Chief Minister. (vide this orders in the St. Joseph's College case for a free site & on lease for a Poor Boy's Hostel) this case cannot be placed on a better footing. The amount made to be fixed may be left to the Chairman, BTB

Education Secretary to speak
Hen 26/11/54

Respected Sir

We the signatories to this representation wish to bring to your kind notice that a Technical Education Society was formed over an year ago consisting of Engineers and others. Under its auspices this Institution, viz., the Mysore Engineering Institute, Bangalore, was started for training a limited number of selected youngmen in the Engineering profession with a intensive practical bias, by utilising the ripe experiences of leading men in the profession who visit the Institution as members of the Technical Education Society and take an active part in shaping the destinies of this Institute. A list of Life Members of the Society is enclosed.among whom there are in addition to Engineers, lawers, contractors, conservator of forests, agricultural directors and civilians etc. Sri K. C. Reddy, Hon'ble Minister for Production, Government of India, is a distinguished member who in the middle of his various activities found time to visit our Institute recently. Among others who honoured us by his visit is Prof. M. S. Thacker, Director, Institute of Science, Bangalore.

The Signatories further urged that in case the Site is not used for the purpose for which it is sought the Site may be resumed by Govt.

At present, the number of youngmen on the studentship rolls is 30 and coaching is being given in the three branches of Engineering in the hutments newly constructed in the premises of the Mysore Electrical Industries Ltd. The Institute unit consists of a central block with two wings which provides for the class rooms, library, Reading Room and Offices etc. Practical training is arranged in in the workshops, laboratories of the M.E.I. Ltd. The coaching is in the hands of experienced men in the profession. Annually at present about Rs.30,000/- is being spent on the Institution, the cost being met under the co-operative effort of the Industrialists and other gentlemen interested in Nation Building activities. During the last annual day function, the Minister for Revenue and Public Works, Sri Kadidal Manjappa was pleased to preside and give us encouragement. Our benign Government have also helped us in this our new effort by lending experienced men from the Engineering profession. Our boys have also been permitted to receive their Engineering Physics training in the University Central College, Bangalore.

It will be necessary for us to have our own site in a Central Place getatable from various parts of Bangalore City wherein we can start in a permanent manner by putting up our Institute Buildings. We, therefore, request that the grant of 4 acres of land for enabling us to put up our Institute Buildings, workshops, laboratory units, a hostel building and play grounds etc. may be allotted to this our Technical Education Society, Bangalore, as a free gift in the locality of the Rajaji Nagar extension lay-out near the Minerva

....3

(3)

Mills adjacent to the newly constructed receiving Station in the Factory lay-out area. Sri R. Madhavan Chairman, City Improvement Trust Board, who was approached in this matter was kind enough to show some available sites in this area. The necessary blueprint extract is enclosed showing the site applied for.

Considering that the burden of Technical Education should to a large extent be borne by the Industries and Business Magnates and relieve Government of this responsibility to some extent, this venture has been launched under the auspices of the above Society of which we are members

We thank you very much for having granted this interview and we request that our representation may receive your sympathetic consideration

We remain,

Sir,

Yours faithfully,

Subject:- Grant of a site in Rajajinagar to The Mysore Technical Education Society Bangalore

---

With reference to your No.L.12201 dated 29-12-1954 forwarding a copy of the letter dated 26-11-1954 received from the authorities of the Mysore Technical Education Society, I write to state that a request on this behalf was made by the Superintendent, Mysore Engineering Institute, Bangalore in his letter No.60/54 dated 5-10-1954 requesting for the grant of a free site measuring 4 acres in Rajajinagar for locating the Engineering Institute. The spot was inspected by the Board Members on 10-1-1955 and it was resolved:"that the 4 acres of land adjoining the 60' contour Road in Rajajinagar as shown in the plan be granted to the Mysore Technical Education Soceity, Bangalore, on a long lease of 99 years on a rental of Rs.25/- (Twenty five only) per annum for the purpose of locating the Mysore Engineering Institute subject to the following Conditions

(1) A building or buildings be constructed as per design to be furnished by the Government Architect and approved by the Board;

(2) The said building or buildings should be used exclusively for the use of the Mysore Engineering Institute.

(3) The property should not be alienated or otherwise disposed of in parts

(4) The building should be constructed within a period of two years from the date of handing over possession of

P.T.O.

(15)

of the sites to the Mysore Technical Education Soceity, Bangalore;

(5) That the Chairman of the City Improvement Trust Board, Bangalore, or a nominee of Government in the event of the abolition of the City Improvement Trust, Board shall be an ex-officio member of the Executive Committee of the Mysore Technical Education Society, Bangalore

(6) that in the event of violation of any of the conditions eforesaid the Board shall resume the site with structures thereon, if any without payment of any compensation

I request that approval of Government to the resolution of the Board may kindly be obtained and communicated A copy of the plan indicating the location of site is enclosed for reference.

Yours faithfully,

D.R. Chennarudraiya

(*Continuation sheet draft form*).

Re :— granting 4 acres of land in Rajajinagar to the Mysore Technical Education Society.

2170/14-55

~~To,~~ ITB II 33-9

~~The Chairman, CITB,~~

~~Bangalore.~~

Dear Sir,

With reference to your letter No A3 PR 998/54-55 & 9 2/55 on the above subject, I am directed to request you to furnish information on the following points :—

1) the amount spent by the Trust Board on the extent of land for which it is given (the cost of acquisition, the cost of forming roads, providing water supply, drainage etc)

2) whether this does not handicap the Board

WD 04660—GPB—40,000—22-1-54

(18)

to delay the advance;

A copy of the rules and by-laws of the Society may also be obtained.

This may kindly be treated as urgent.

OFFICE OF
The Chairman, City Improvement
Trust Board, Bangalore.

No. AS-PR 6/56-57
Encls.

Date 5th April 1956.

To

The Secretary to Government,
Local Self Government and Education Departments,
Bangalore.

Sir,

Subject:- Grant of 4 acres of land in Rajajinagar to the Mysore Technical Education Society.

With reference to your D.O.letter No.170/C.I.T.B.11-55-9 dated 7-4-55 and subsequent reminder on 7-2-56, I write to state that the land proposed to be given to the above Society, has been acquired at the rate of Rs.1,600/- per acre. It comes in Industrial Suburb, South Zone, where no amenities like Water Supply and Under-Ground Drainage have been given. The major portion of the land is all cut up and uneven and there is no demand for this area. Moreover this is an Educational Institution and the return is not the main criterion Hence this land is proposed to be given to the above Institute. The lease amount of Rs.25/- fixed by the Board is reasonable for this bit of land which could not be disposed of otherwise.

A copy of the Rules and Bye-laws adopted by the Society is herewith enclosed.

I request that approval of Government to the resolution of the Board may kindly be obtained and communicated.

Yours faithfully,

(B.V. Lankappa)
Chairman.

5. **Management** :- Management of the Association shall be vested in the Working Committee. The following are the Members of the Working Committee for the time being;

PRESIDENT :- Sri R. D. Char

VICE-PRESIDENT :- *Dharmaprakasha* M. V. Veerappa

THE MYSORE TECHNICAL EDUCATION SOCIETY, BANGALORE.

RULES AND REGULATIONS

1. These Rules shall be called "The Rules and Regulations of the Mysore Technical Education Society, Bangalore." The Office of the Society is situated at Okalipuram, P. B. No. 561, New Mysore Road, Bangalore.

Membership:—

2. The Society shall consist of two classes of Members—Donors and Life Members.

Admission to Membership:—

3. The admission to different classes of membership of the Society shall be open to any person above 18 years of age on his application for admission being accepted by the "Working Committee."

Membership fee:—

4. **Donors** : Persons or Institutions contributing Rs. 5,000/- or more shall be enrolled as Donors.

Life Members : Persons or Institutions contributing Rs. 250/-shall be enrolled as Life Members.

The amount in either class is payable in full at the time of enrollment or in convenient instalments thereafter. In the case of Institutions becoming Life members, one

Voting at General Meetings:—

12. At all General Meetings, all matters before the meeting, excepting elections, shall be decided by a simple majority by a show of hands.

The Working Committee:—

13. The affairs of the Society shall be managed and conducted by a Working Committee, as provided by Rules hereinunder mentioned.

14. The Working Committee shall consist of not more than 9 (nine) members and shall be constituted as follows:—

a. The President of the Society,
b. The Vice-President of the Society,
c. The Superintendent of the Mysore Engineering Institute, Bangalore.
d. The Senior Professor of Engineering of the Institute or any other Member of the Staff as indicated from time to time who would also function as the Secretary of the Society
e. and not more than 5 Members elected from the Society to sit on the Committee.

15 No member shall be eligible to stand for election to the Working Committee, either as an Office-bearer or as a Member, unless:—

a. he has been a member of the Society for not less than 3 months prior to the date of nomination, and is duly nominated for election by a proposer and a seconder;

b. and he has paid his Life Membership subscription either in full or in instalments upto the date of nomination;

c. By virtue of their Office, the Superintendent of the Institute and the Senior Professor would be ex-officio members.

16. The Secretary shall call for nominations for the Working Committee membership at least a month before the date fixed for the Annual meeting of the society, and shall simultaneously notify, a list of eligible members.

Election

17. The election of the members to the Working Committee shall be by ballot, and the Working Committee in Office shall fix the date of voting at least 4 clear-days' prior to the date fixed for the Annual General Meeting and shall fix the manner in which the ballot shall be conducted.

18. The seat of a member of the Working Committee and of an Office-bearer shall be vacated:—

a. If the member ceases to be a member of the Society.

b. if he is absent from the meetings of the Working Committee for three consecutive meetings, without leave of the Committee

c. if, by notice in writing, addressed to the Secretary, the member resigns and the resignation is accepted by the Committee.

Meetings of the Working Committee:—

19. The Working Committee shall meet at least once in 3 months for the despatch of business 3 days' notice being given in advance of such meeting and specifying therein the place, date, hour and agenda of the meeting.

20. The President, Vice-President, or Superintendent of the Institute may arrange for Special Meeting of the Working Committee being convened in the intervening period, whenever found necessary

21. The Working Committee may transact any urgent business by circulation of papers, provided that any resolution so passed shall be valid if 3/4 of the members sign and accept the same.

Quorum:—

22. 4 Members of the Working Committee shall constitute a quorum at its meetings.

23. No quorum will be necessary for an adjourned meeting of the Working Committee.

24. The President or the Vice-President shall preside over the meetings of the Working Committee ; and in the absence of both, the Superintendent of the Institute shall preside. In his absence, any one of the Committee members present may be elected to the Chair.

25. Minutes of Proceedings of the Committee shall be entered by the Secretary in the Proceedings Book kept for that purpose.

25. Every subject considered at the Working Committee Meetings shall be decided by the majority of votes cast, the Chairman if he is the President, having a casting vote, in all cases where there is a tie.

27. The Working Committee shall function ordinarily for One Year and remain in Office till the Committee for the ensuing session takes charge of the affairs of the Society from its hands after election. In the event of 25 percent of the members on the rolls wanting a change of any one or more of the Working Committee members, then, the President shall be empowered to replace such members by nomination and they would continue in office until election at the next Annual General Body Meeting.

The Duties and Powers of the Working Committee:—

28 The Working Committee shall be vested with the following duties and powers :—

a. to carry on the day-to-day activities of the Society and to lay down the policy of administration of the Mysore Engineering Institute, Pangalore. The Superintendent of the Institute shall seek the Committee's advice as often as necessary

b. shall have power to appoint and dismiss staff required for the running of the Society and of the Institute after obtaining the necessary proposals from the Superintendent.

c. to consider and submit to the General Body, schemes for expansion of the activities of the Institute

received from time to time to bring up the same to the level of similar up-to-date Institutions ;

d. to frame and, or, revise bye-laws not inconsistant with, or repugnant to, these rules of the Society, for the proper conduct and efficient management of the affairs of the Society and of the Institute ;

e. to authorise expenditure by the Superintendent of the Institute under the sanctioned estimates

f. to raise funds by donations and subscriptions to the Society ; and to consider ways and means to augment finances ;

g. to appoint sub-committees for general or specific purposes whenever occasion arises and to fix the scope of the activities of these sub-committees

h. to convene the Annual General Meetings of the Society;

i. to appoint a Technical Education Advisory Board for matters relating to the studies of the Mysore Engineering Institute and to fix the scope of activity of the said board ;

j. to appoint as and when necessary Trustee or Trustees who will be in charge of the assets of the Society and manage the same as per the terms of the Trust Deed to be executed as per the resolution of the Working Committee

34. The funds of the Society shall be deposited in approved banks in the name of the Society and shall be operated upon by the Institute Superintendent or elected member, on behalf of the Working Committee jointly or severally and shall undergo annual audit scrutiny as already laid down above.

Provision for Dissolution

35. At any time, if it is found that the affairs of the Society cannot be carried on, for reasons valid, the Working Committee by a 3/4 majority may recommend the winding up of the Society at its General Body Meeting specially called for that purpose. The Society cannot be wound up save by a clear majority of 2/3 of the members voting at the Special General Body Meeting. Should it be decided to wind up as aforesaid, if there shall remain any property whatsoever, the same shall not be paid to, or distributed among its members, but shall be given to some other Society or Organisation having similar objects, to be determined by the votes of not less than 2/3 of the members of the Society present at the meeting called for that purpose.

Alteration to Rules :—

36. No alteration of these rules shall be made save and except as provided under Registration Act (3) of 1904 as amended from time to time.

37. A notice may be served by the Society to a member through post to his registered address, if any, and

a notice sent under a Certificate of Posting shall be deemed to have been received by the member
